

Kyoto Tamba Ranch (Ltd.) (Tamba City)

Reg. # Beef - 001

Kyoto Tamba Ranch, which produces **Kyoto meats**, has been the first farm as backgrounding farmers of beef cattle to be added to the list of 'Kyoto Premium livestock farm'

Farm location

Kyoto Tamba Ranch raises approximately 1700 beef cattle (Japanese Black) in Nantan City. These cattle are being raised with a particular emphasis on 'beautiful living conditions', 'fresh water and high quality feed', as well as 'rearing the cattle in a stress-free way', using time-honored rearing techniques.

We'd like to tell you about Kyoto Tamba Ranch.

A thoroughly clean and beautiful barn. Here, the cows of Kyoto Tamba Ranch grow up healthily.

Kyoto prefecture Mayumaro

The cattle are raised with plenty of high-quality feed, and with proprietary backgrounding techniques.

**Lying on a fluffy bed is so comfortable
~ Relaxing and carefree**

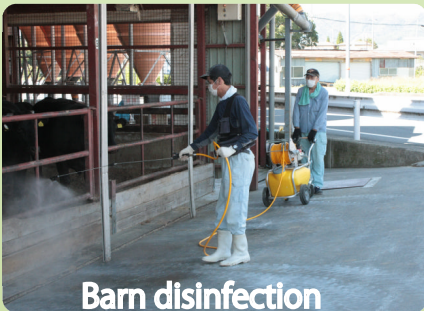

Cows of good pedigree are raised in a stress-free environment.

I'm getting brushed up nice!

Regular brushings are not just to make the cows look nice, but they also lead to improved health of the animals. On top of that, the cows become quite fond of their caretakers.

And, of course, sanitation is a top priority!

Barn disinfection

Footwear disinfection

Disinfection of the hands and fingers

In order to prevent disease, not only is the barn disinfected, but the hands and footwear of those going in and out of the barn are carefully disinfected as part of our dedication to sanitation.

We are being raised with loving care.
