Sugimoto Ranch (Ayabe City)

Healthy Wagyu calves, raised in the home of clear streams, 'Kanbayashi'

Mother cows raise healthy calves on peaceful pastures, in an environment home to clear streams, feeding to their heart's content on local, premium feed.

~We're very particular about our meats~

The calves of Sugimoto Ranch, raised by backgrounding farmers, are being sold within Kyoto prefecture as 'Kyoto beef', locally produced superior-quality beef.
