Tamba Seiko Farm (Kyotamba-cho)

Tamba beef and aged meat, from the richly natural Tamba highland, can be tasted at our directly-run store

Farm location

At Tamba Seiko Farm we also rear Jersey cows. We are selling this aged beef (aged 35 days) at our store 'Izutsuya'.

We play music in the barn for the cows to enjoy ♪
We also clean every day so that the barn and walkways stay sanitary.

The goats are a big help with the weeding

We keep the barn nice and cool in the summer!

Izutsuya Main location

Look for the big cow!!

Bird Netting

We have set up bird netting in the barn to prevent the invasion of crows so that they don't bring in pathogens from the outside.

We are selling the beef from this farm, directly-run Izutsuya Co. Ltd., at our Izutsuya Main location on highway 9 in Kyotambo-cho.
